Top Eight Prize

Awarded to the person who selects the top eight finalists as announced at the conclusion of judging.

People's Choice Award

People's choice of the best pen of ewes displayed at the Crookwell Show donated by McGeechans Farm Supplies.

Champion Flock Ewe Fleece

Champion Commercial Fleece in Class 24 of Wool Section.
Voucher donated by McGeechans Farm Supplies.

CONDITIONS OF ENTRY

1. The competition is open to any person, partnership or company; provided the sheep exhibited have been bred on the property of that person, partnership or company and the property is in the Crookwell region. For boundary clarification, please contact the Chief Steward.
2. The sheep exhibited must have been running on the property of the entrant for the full twelve months and must carry the registered earmark of the entrant.
3. Sheep entered in the competition must not carry more than twelve months wool. Rugging and/or pampering of sheep included in the entry is not allowed. If in the opinion of the judges and/or Committee other non-commercial practices have been carried out, they may disqualify that entrant from participation in that year's competition. The judge and/or committee's decision will be final.
4. To compete, all "classed in" maiden merino ewes of the same drop and showing the applicable NLIS coloured tag for the respective year must be available for judging. **A minimum of 50 ewes are required to compete.**
5. Teams will be judged on the following scale:

<i>Wool quantity for type</i>	<i>50 points</i>
<i>Wool quality and character for type</i>	<i>50 points</i>
<i>Conformation, Structure, Size for type</i>	<i>50 points</i>
<i>Commercial Qualities</i>	<i>25 points</i>
<i><u>Culling percentage</u></i>	<i><u>25 points</u></i>
<i><u>Total</u></i>	<i><u>200 points</u></i>
6. Each exhibitor must complete an entry form. A fee of \$60.00 will be charged to assist in covering costs, and payment must accompany the entry form.
7. On the day of judging all maiden ewes must be presented as one mob in a yard with access to a drenching race. The judges will instruct when to fill the race for further inspection.

8. In addition, each entrant will be required to display their top five ewes in a separate pen on judging day. The aim of this is to give each entrant an opportunity to present the direction of their breeding operation and to give the judges an idea of where the breeder wants to be in their enterprise in the future.
9. Exhibitors shearing after 1st December 2025 are entitled to present 10% (to a max of 50 head) of their maiden ewes in full wool for judging. Apart from the exhibitors top five these should be a random selection.
10. Eight finalists will be announced *in no particular order* at the presentation evening. Four finalists will be from entries shorn before 1st September 2025 and four finalists from entries shorn between 1st September 2024 and 28th January 2026. First to Fourth placings will be awarded in each category at the Crookwell Show with the highest scoring flock being awarded the Champion Prize.
11. All entrants (or a representative) are required to attend the presentation evening at the Crookwell Services Club on Thursday 29th January 2026. Presentations will be held at 7.30pm.
12. Five ewes from each of the eight finalists must be displayed at the Crookwell Show, where the placings will be announced on Sunday 8th February 2026 at 1.00pm. Display is from 9.30am to 3.30pm. A National Vendor Declaration and National Sheep Health Statement must be provided prior to displaying ewes at the show.
13. Any person, partnership or company, who is a registered stud of the N.S.W Stud Merino Breeders Association or who has bred and then sold or traded merino rams to another merino enterprise within the last five years, will be ineligible to enter the competition.
14. If joining is in progress the exhibitor may leave the rams in if they desire.
15. Exhibitors will be required to provide some basic information, as per Entry Form details, regarding the sheep and property operation on the day of inspection.
16. Standard culling percentage of approximately 30% is deemed acceptable in the commercial sheep industry. Extremes above or below may incur penalties where the judges see fit.
17. All decisions and judgments made by the committee will be final.

SOUTHERN TABLELANDS FIBRE TESTING

Combining Technology & Common Sense

‘On Farm’ or ‘In-house’ Wool Testing

The Test Report can include:

- Average Fibre diameter
- SD & CV of Fibre Diameter
- Curvature
- Staple Length
- Estimated Hauter
- Comfort Factor
- Likely Point of Break
- Max & Min Fibre Diameter

The fee for wool testing includes the preparation and forwarding of your test report
